

Mobi 2

Speak out and grow

The Mobi 2 represents the next generation of communication aids. It is light weight, slimline and has exceptional battery life. The Mobi 2 is equipped with a large 12" display that automatically adjusts its brightness for the ambient light level. An optional integrated outward facing web cam allowing users to take their own photographs and an optional integrated mobile phone are just some of the advanced features packed into the Tellus Mobi.

The Mobi 2 is supplied with the new Mind Express 4 symbol based communication software, keyboard, mouse, carry case, memory stick and Daessy mounting plate.
